Solid Waste Facility Payment Policy

Payment for materials received at the Lincoln-Woodstock Solid Waste Facility shall be made at the time of delivery of materials to the Facility. Billing of materials shall only occur if a credit application has been filled out and approved by the Facility manager. Delinquent or unpaid bills past 30 days from billing date, shall result in termination of the person's ability to bring materials that have any charges associated with them to the Facility until the past due bills are paid in full. Persons who have had 30-day past due bills will forfeit their ability to charge for the disposal of materials at the Facility. They will be expected to pay for the disposal of their materials for which there are charges C.O.D. Adopted: 3/3/99
