December 9, 2013

Water Meter Parts:

As of April 12, 2006, any new construction requiring water meters, all new homes, will be required to have the following parts of the water meter.

Part #50048	5/8 X 3/4 SR ECR METER 10G w/pad	1
Part #52570	5/8 X 3/4 #2 Korner Horn	1
Part #52070	3/4 CP Setter Pack Joint (other sizes available)	2
Part #52035	3/4 #7 Dual Check Backflow Preventer 1-3k	1
Part #52033	3/4 Korner Horn Ball Valve	1
Part #50323-01	MXU 510R Non Pit Single Port – wired installation	1

If two or more meters are being installed in the same building they can share a dual port MXU instead, which will reduce the install cost per meter.

Part #50323-11 MXU 510R Non Pit Dual Port – wired installation

These items can be purchased by called MBS a division of EJ Prescott at (603)224-8425.

****METER INSTALLATION RULES/REQUIREMENTS****

1. Meter shall be installed within three feet (3') from point of entry of building, foundation wall or floor.
2. The meter shall be placed in a clean, dry and warm place always free from debris. It may be placed in a location, which may be safely and easily accessed by a person for the purpose of reading, maintaining or changing of the meter.
3. Inspection of the meter will ONLY be done for a Land use Compliance Certificate after completion of all work **including** installation of touch pads and/or touch coupler.

If you have any questions, please call Public Works Director William Willey at (603)745-6250.
