- ◇ Prior Title properly signed over & Bill of Sale

Title Exempt Vehicles 1999 and older

- ◇ Vin Verification 19A & Bill of Sale; or
- ◇ Photocopy of Title & Bill of Sale;
- ◇ Or Prior NH Registration & Bill of Sale

LIST PRICE

TOWN FEES ARE BASED ON THE MANUFACTURERS' LIST PRICE (LIST PRICE DOES NOT CHANGE FROM YEAR TO YEAR).

Millage: A tax rate on property, expressed in mills per dollar of the value of the property.

The Mill rate to be charged on a motor vehicle is based on the model year of the vehicle and continues for the next 12 months, including the month of registration. RSA 261:153-4

The first 5 year's of a vehicle's registration price is subject to the following millage rates:

2021-2022	18 mills x list price
2020	15 mills x list price
2019	12 mills x list price
2018	9 mills x list price
2017	6 mills x list price
2016 & older	3 mills x list price

Each millage rate above is applied for 12 months

A new vehicle will be registered for no less than 5 months, but no more than 16 months.

Registrations are renewed annually in the owner's birth month. Exceptions: Business owned and leased vehicles.

EXAMPLE

A 14-month registration of a 2020 vehicle with a list price of \$10,000 would be charged

12 months @ 18 mills = \$180.00

(\$18.00 per \$1,000 of the list price)

02 months @ 15 mills = \$25.00

(\$15.00 per \$1,000 of the list price divided by 12 months = \$12.50 per month x 2 months = \$25.00)

A mill equals 1/1000 of a dollar and is charged on each dollar of the vehicle manufacturer list price.
